THIS NEW 9' x 20' POSTER will be on 700 billboards throughout the Pacific states and Utah, Idaho, and Arizona from June 19 to July 18. It follows the "No squirt on the shirt" pictures which called Zee napkins to the attention of motorists.

ATTENTION, NEWCOMERS! You are a group of approximately 75 persons added to the payroll since June 1st. Most of you are rehires, but you may be placed on new jobs. We want you to know that we are concerned about your safety. Because we want you to be concerned about it too, the following suggestions are offered:

1. Report every injury, no matter how slight, to your foreman. Even a small cut, if neglected, may cost you a finger.
2. Personal protective equipment is available for your use without cost. Your foreman will tell where to get goggles, gas masks, respirators, and other items applicable to your job.
3. Safety shoes can be purchased in the storeroom. They are inexpensive, comfortable for work, and may prevent broken toes.

The foreman, the safety committeemen, and others assigned to help you want you to work safely. Please give careful attention to their instructions.
